Fig. 19 is a cross-sectional view of a circular device. It features a central circular core with diagonal hatching, surrounded by a ring of six rectangular segments. The outermost layer is a thick, textured ring. Labels 84, 80, 90, and 92 point to various components.

Diagram illustrating a zigzag chain structure, likely a mechanical linkage or a chain segment. The structure consists of a series of interconnected links forming a zigzag pattern. Key components and labels include:

- 50**: Points to the overall zigzag chain structure.
- 60**: Points to a specific link or joint in the chain.
- 62**: Points to a specific link or joint in the chain.
- 64**: Points to a specific link or joint in the chain.
- T1**: Points to a tension or force applied to a link.
- T2**: Points to a tension or force applied to a link.
- TO THE NEXT LOOP**: Indicates the continuation of the chain structure.
- INCREASED TENSION**: Points to a section of the chain where tension is increased.
